

VOLUNTEER SPOTLIGHT

September 2009

Erica Hadfield

Erica has a great willingness to put in efforts when they are related to bettering her hometown of Dundalk. Erica has helped out on countless DRC projects. She has volunteered her time and energy to set up movie screens for Main Street Movies; plant trees in Old Dundalk, at Stansbury Park, and at the Ateaze Senior Center; remove trash from streets and streams; and serve on the Greening Committee and DRC Main Street Committees. In addition to her work with the DRC, Erica is also a member of the Old Dundalk Neighborhood Association.

(Erica with dog Coda)

A graduate of Patapsco High School and St. Mary's College of Maryland, Erica has a degree in biology. She is now bringing both her love of science and commitment to Dundalk to the classroom as she begins teaching science at Dundalk High School this fall. Asked her motivation for volunteering with the DRC, Erica states, "I volunteer because I like to give back to my community and the DRC provides opportunities to volunteer and have fun doing it! I have met lots of new friends and neighbors while planting trees, picking up trash, and setting up the Main Street Movie screen".

The DRC is grateful for volunteers like Erica with a passion for serving our beloved community.
