

Volunteer Spotlight

January 2010

Suzanne Diehl has been an active member of the Greening Committee and volunteer with the DRC's greening programs since fall of 2008.

As the Assistant Director of the Ateaze Senior Center, Suzanne was a strong supporter of the Ateaze greening and beautification project completed in May 2009. She even adopted three of the trees planted in May and has been keeping an eye on the gardens and other trees as well.

Suzanne is kind and energetic and the DRC is grateful for her partnership and her commitment to the Dundalk community.
